

Hello my friend,

It was a full year, and we want to thank you thank you have been following our activities during this year and you showed your support for our initiatives!

We know that you are already thinking about the holiday or the preparations that still has to be done, so it will be a short newsletter!

Check our latest activities here!

During this December, we organized more activities for the children to bring a Christmassy smile on their faces.

Together with your help, we collected goods, clothes and books for the unprivileged people. These goods were donated further to the charitable shop on sector 6, Bucharest.

As a big celebration, alongside the children which were part of our activities this year, 55 kids from the 3 centers from Ana si copiii visited us in Bucharest office and received a nice book as a gift. It was a party for participants, partners and those of you who could join.

We wish you a warm and bright Christmas, with your loved ones, and for those who do not celebrate, let's hear well next year!
