

Hello, my friend,

Let me take advantage of this rare occasion of 29 of February and bring you the latest updates regarding our activities.

If you already follow our Social Media platforms, you have seen that it was a full month, if not, we recommend it to do it, so you can find all the updates.

We had some fun in February!

Activities for the little ones

- 3 groups of children between 6 and 13 years old
- the first activity was to get to know each other
- 1 day at the cinema, all together

Workshops for the mothers

- the mothers of the little ones, are invited to discover more about themselves
- 1st workshop: values and habits
- 2nd workshop: methods to handle stress

Let's talk about s*x

- meeting with the teenagers, between 11 and 14 years old, from Ana si copiii NGO
- a brave and without hidings discussion about sexual education

Did you know?

In the countries where the sexual education is integrated in the educational process, it has a visible effect! The young people start their sexual life later and in a more responsible way. On the other side, in Romania many parents, teachers and other civil actors (like church) deny the imperious need of such topics. So, here we are, in the last 5 to 10 years with the highest number of mothers under 15 years from Europe. And the difference with the second place is overwhelming. More than double! Also, some statistics show that there may be a rate of 1 out of 4 to suffer from venereal diseases.

Also, for our colleagues working in Romania, if you want to support our activities, there is the option to redirect the 3.5% from your tax to our association. This is a deduction from your taxes, without affecting your income. You can choose to which organisation to redirect this amount, one cause per year. If you feel that making education accessible for children and young adults from vulnerable communities represent a strong cause, then you can fill the following form, only with your data and choosing if you redirect for 1 or 2 years!
